**Re:** **PROPOSED FFY 2007 JARC AND NEW FREEDOM PROGRAM OF PROJECTS FOR ENDORSEMENT**

We are seeking your endorsement of the proposed FFY 2007 JARC and New Freedom Program of Projects at the upcoming June 12 CMAP Policy Committee meeting. The Human Services Committee and Transportation Committee endorsed the proposed program at their respective May meetings.

Seven applicants submitted project proposals to the RTA for the FFY 2007 JARC and New Freedom Programs. All applications have been available for public viewing on the JARC/NF website since early April (<http://jarcnf.rtachicago.com>).

A five member Selection Review Committee (SRC) made up of staff from the Illinois Department of Transportation (IDOT), Chicago Metropolitan Agency for Planning (CMAP) and the RTA evaluated the applications. The evaluation process utilized the criteria that were included in the Coordinated Public Transit - Human Services Transportation Plan (HSTP) that was developed with input from the Human Services Committee and the HSTP Project Advisory Committee.

As a result of that evaluation the following projects are recommended for the FFY 2007 Program of Projects:

**Projects Proposed for JARC Funding**

- Alternative Transportation Services of Chicagoland I-GO for Job Access
- CTA Route # 53A South Pulaski
- CTA Route # 18 16th/18<sup>th</sup> Midday Service
- CTA New Clybourn Street Fixed Route Service
- Metra Sunrise Express
- Pace Centralized Call Center
- Village of Schaumburg Route 602 Reverse Commute

**Projects Proposed for New Freedom Funding**

- Kendall County Community Transit Program
- Pace Centralized Call Center
- Ray Graham Association for People with Disabilities Safety Transportation Training Program

The attached tables provide descriptions of the projects and the proposed awards by program.
